

LIFE LINK NEWS

Volume 16 Number 4

April 2018

Many people ask me, “What are your greatest needs?” They are always the same. They are the same needs your children have. The foremost is love, knowing that someone somewhere cares. Here are the rest.

*The children need:
Food to eat and beds
to sleep. Someone to
hear their prayers
before they go to sleep.*

*The children need:
an education and school supplies.
Someone to help with their
homework and say “Great Job”
When they get a good grade.*

The Children need Vocational Training Supplies. And someone to teach them how to do nails, sew or raise goats!

*The Children need
healthcare. Someone to kiss boo, boos and make it better and someone to sit in the
hospital and pray.*

I know many of you would love to be the someone who hears those prayers, encourages the kids and kisses the boo, boos, but it isn't physically possible.

But it is monetarily possible!

When you give to Life Link, you make it possible for a home to have a loving house mother, beds to be purchased so the children no longer sleep on the floor. Good food to fill little tummies!

Your donations pay school fees and buy school supplies, pay teachers.

Vocational training helps them make a living after leaving the orphanage! They go from our home to their own, with the skills to provide for themselves.

. Scrapped knees and bumped heads are a common occurrence with any child, but in Africa we fight malaria and typhoid on a regular basis. Deadly diseases. Medical care saves their lives and does more than just provide band aids.

***Please help us! Give generously today!
Please pray for us and the children daily!
You are the ones who make Life Link possible!***

Thank you!
Connie

Life Link is a non-profit international human service corporation committed to improving the quality of life for children everywhere. All donations are tax deductible.
